

**Tuscan Treasures:  
Art, Food and Wine from Lucca to Florence  
November 10-18, 2024**

Tuscany is an enchanting medley of Renaissance cities, rolling hills and terraced vineyards. This very special region offers a quintessential Italian experience. From olive groves and cypress alleys to the romantic villages perched on rocky outcrops, the landscape here has become a symbol of the country as a whole. Its olives, wines, truffles and cheeses combine in a rich culinary tradition that makes dining a pleasure all its own. We will spend three nights in Lucca and four in Florence. Special features include wine tastings, lunch at a Tuscan farm, a cooking class preparing our three course dinner, guided tour of the Uffizi Gallery and a visit to the Accademia to view the renowned *David*.

Yet the greatest Tuscan treasures are the medieval and Renaissance masterpieces of Lucca, Siena, San Gimignano and Florence and the astonishing legacy of art and architecture they keep. From the green rolling hills and wineries to the rooftops of Siena, Florence's Duomo and the Uffizi and Accademia galleries, be sure to experience Tuscany at least once in your lifetime. Liz Mitchell, our favorite trip leader, will be guiding our way. We invite you to join Edventures on this very special exploration of what makes Tuscany an amazing destination. Package price for land and air double occupancy is \$5,775.00 double occupancy.
